BONUS  
\$3,500\*  
SOLAR PANEL  
OFFER

A new way of life.

[newhaventarneit.com.au](http://newhaventarneit.com.au)

PEET

# Bonus solar offer up to \$3,500.\*

## **Inclusions**

The offer will include a contribution of up to \$3,500\* towards the provision of a 6.6kW solar energy system including solar panels and a solar inverter. Please note, any cost incurred above \$3,500 will be the responsibility of the purchaser.

## **Size and Orientation**

Each solar panel is approximately 1.65sqm. A 6.6kW system will require around 12 solar panel modules which equates to approximately 18-20sqm of roof area.

Different orientations can better match your household's energy consumption pattern – north facing for overall maximum generation, west for later day needs, and east for morning demand. Actual generation can vary based on roof pitch, shading and local climate; consult with a solar professional to determine the best orientation and system for your home.

## **Equipment**

Inverters convert the direct current from the sun into electricity that can be used for your home. Inverters can also provide data usage and output monitoring, and controls to ensure that it can operate at an optimal performance level.

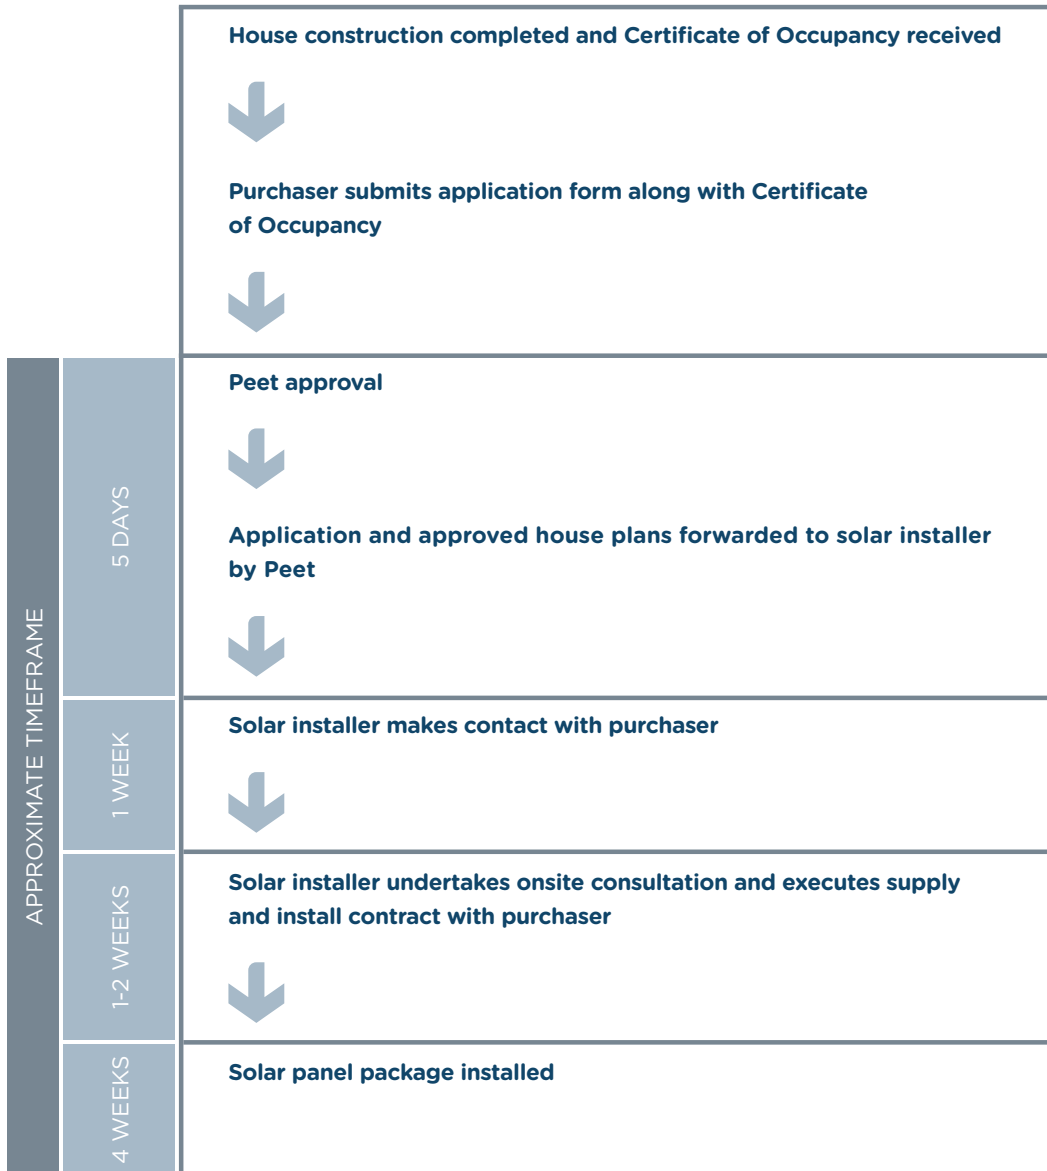

## **Upgrades**

Should you wish to upgrade your solar energy system, you can arrange that directly with Peet's solar installer at the time of consultation. Please note, any upgrades to the solar energy package will be at the cost of the purchaser.

## **The Offer**

Pre-approval may be required from Powercor due to potential transformer capacity issues. Peet's solar installer will seek approval on behalf of the purchaser.

# Application process.\*

Purchasers must lodge their Solar Offer Application Form along with their Certificate of Occupancy to the Peet Design Review Panel within 12 months of the Settlement Date.

**For more information visit  
[newhaventarneit.com.au](http://newhaventarneit.com.au)**

\*The Peet Solar Panel Package promotion only applies for a limited time and is subject to terms and conditions and eligibility criteria, full details of which are available at [newhaventarneit.com.au/solarconditions](http://newhaventarneit.com.au/solarconditions) or on request from Peet. All matters (including the promotion period, the solar panel system which may be provided and any other matters relating to this promotion) are subject to change without notice at Peet's absolute discretion. Peet makes no representations nor gives any warranties about the performance or capabilities of, or energy savings that may be derived from use of, any solar panel system that may be provided by Peet. This offer does not form part of any contract. Purchasers should review their sales contract carefully, make their own inquiries and obtain independent financial and legal advice before proceeding with any purchase.
