

EDEN'S CROSSING

Where
life comes
together.

PEET

A photograph of a man with a beard carrying a young girl on his shoulders. Both are smiling and looking upwards. The scene is outdoors, likely on a balcony or patio, with a house and trees in the background. The image is partially covered by a light green geometric overlay on the right side.

The Peet *story*

At Peet, we create communities where people find their home, all across Australia.

We're industry experts in defining future places of belonging. Places that offer the value of choice, delivering different lifestyles in townhouses, apartments and family homes.

With each community, we add to an enduring legacy of creating connected, liveable places built for today and future proofed for tomorrow. Our extensive experience guides how we work with our communities to understand and respond to what they need, designing places that are both socially and environmentally sustainable.

Each Peet address becomes a meaningful part of someone's story. It's where houses turn into homes, where lives take shape in local routines and friendly faces; it's the special place in the world where you belong.

We do it by imagining how people actually live.

People like you. People like us.

Now, we're known for communities built to last. Built on the solid foundation of our ASX listing and almost 130 years of placemaking.
